

no media monopolies!

To: FCC Commissioners, Sen. Mark Dayton,
 Sen. Norm Coleman,
 Rep. Betty McCollum

Please add my name to those concerned about the concentration of power and the limiting of diverse voices that an FCC decision to deregulate the media industry would engender. There is already too much consolidation of information sources, and this potential rule change will only make it harder for dissenting voices to have a forum.

With the serious impact these rule changes will have on our democracy, it is important that the Commission take the time to review these issues more thoroughly and allow the American people to have a meaningful say in the process.

Thank you,

David Lefkowitz
